This Supplier Code of Conduct states CSI’s expectations for its suppliers and partners to honor these same core values. Thank you for your shared commitment in meeting these principles.

LAWS, REGULATIONS, AND CONTRACTS Our suppliers must, at a minimum, perform all duties and expectations in compliance with all laws and regulations applicable to their business. Suppliers must comply with all flow down terms, conditions, and other provisions specified in the CSI purchase order. When performing international business, or if the primary place of business is outside of the United States, suppliers must comply with local laws and regulations.

ANTI-CORRUPTION We have a zero-tolerance policy for corruption, and prohibit anyone conducting business on our behalf, including suppliers, from offering or making any improper payments of money or anything of value to government officials, political parties, candidates for public office, or other persons. This includes the offer and/or receipt of any bribe or kickback to and/or from any customer, supplier or others. We expect our suppliers not to make any illegal, improper or corrupt payments. Except to the extent inconsistent with U.S. law, our suppliers must comply with the anticorruption laws that govern operations in the countries in which they do business, such as the U.S. Foreign Corrupt Practices Act and the U.K. Bribery Act, and other similar laws prohibiting bribery and corruption in business dealings.

GIFTS/BUSINESS COURTESIES We compete on the merits of our products and services and do not use the exchange of business courtesies to gain an unfair competitive advantage. We expect the same of our suppliers in the offering or receipt of any gift or business courtesy, including cash and cash equivalents. In particular, note that our employees who are in any way involved in procurement decisions are subject to even more strict limitations, and may not accept any business courtesies, with the exception of very low value promotional items. In any business relationship, our suppliers must ensure that the offering or receipt of any gift or business courtesy is permitted by law and regulation; does not violate the rules and standards of the recipient’s organization; is consistent with reasonable marketplace customs; and will not adversely impact the reputation of CSI.

FAIR COMPETITION/ANTITRUST We expect our suppliers to conduct business in accordance with all applicable antitrust or competition laws and regulations. This includes avoiding business practices such as entry into arrangements that unlawfully restrain competition; improper exchange of competitive information; price fixing, bid rigging, or improper market allocation.

SUPPLIER QUALITY PERFORMANCE According to the nature of their business, we expect our suppliers to have quality management systems in place with appropriate policies and procedures to ensure that CSI's order expectations are satisfied. Suppliers will be initially qualified and then routinely assessed on their ability to provide correctly specified products and services in a timely manner on a consistent basis to meet the order requirements of CSI and CSI's customers. Criteria used will be through the supplier's demonstrated ability to consistently provide correctly specified products and services within identified schedule and cost parameters.

CODES OF CONDUCT & SUB-TIER SUPPLIERS Commensurate with the size and nature of their business, we expect our suppliers to have management systems in place to support compliance with laws, regulations, and expectations related to or addressed expressly within the Supplier Code of Conduct.
